Public Notice

Public Notice Number: 200375243

Date: November 26, 2003

Comments Due: December 15, 2003

In reply, please refer to the Public Notice Number

TO WHOM IT MAY CONCERN:

SUBJECT: Application for a Department of the Army permit under authority of Section 404 of the Clean Water Act (CWA) and for water quality certification under Section 401 of the CWA to discharge fill and dredged material within Long Hollow Creek and Government Draw for the construction of a reservoir.

APPLICANT: La Plata Water Conservancy District
Mr. Brice Lee
940 C.R. 119
Hesperus, CO 81326

LOCATION: The project is located at the confluence of Long Hollow Creek and Government Draw, south of Red Mesa, La Plata County, Colorado (Sections 29, 32, and 33, Township 33 North, Range 13 West)

Public Notice Error: The previous public notice dated November 7, 2003, for the proposed Long Hollow Reservoir contained an error. The public notice stated that as proposed, Long Hollow Reservoir would have a maximum pool of 5,432 acre-feet (AF), inundate approximately 160 acres and extend 3.5 miles upstream. The public notice should have said that Long Hollow, as proposed, would have a maximum pool of 5,432 acre-feet (AF), inundate approximately 160 acres and 3.5 miles of stream. The reservoir would actually extend 1.5 miles up Long Hollow Creek and 1.2 miles up Government Draw from the embankment. We apologize for any inconvenience or confusion this error may have caused.

Written comments on this permit application should be submitted to the District Engineer at the address listed above.
